

PROHIBITION CAMPAIGN OPENED

Principal Work Will be to Educate Voters to Sustain Party Pledged for Reform.

ISSUE DECIDEDLY POLITICAL

Eugene W. Chaffin, Presidential Nominee, Starts the Ball Rolling at Evanston, Ill.

Chicago, July 21.—The Prohibition national campaign was formally opened tonight by addresses delivered by prominent leaders of that party at a mass meeting held in Evanston, Ill. The principal speaker was made by Eugene W. Chaffin, the presidential nominee. Other speakers were Chairman Jones of the Prohibition national committee; A. G. Wolfenbarger, national vice chairman, and others. Mr. Chaffin said:

"The Prohibition party ran its first campaign for president in 1872, when a majority of the voters in but one state, Maine, favored the principles of prohibition. Today there is hardly a state in the Union in which the majority of the voters do not believe in the principle of the entire prohibition of the manufacture and the sale of liquor. The principal work of the campaign must be to educate the voters to the importance of their vote to a political party pledged to carry out this reform. The question of prohibition is distinctly political and in order to carry out this duty of all officers are required. These officers are elected through political parties, and prohibition therefore becomes essentially a political question. Many temperance people urge that we should keep this matter out of politics. These same people are voting the Republican and Democratic tickets with a personal liberty plank in the platform from which, directly or by confirmation, a declaration is made in favor of the saloon. Their idea seems to be that if a political party declares in favor of the liquor traffic that makes it a non-partisan question, but if a political party declares against the liquor traffic that means taking it into politics."

"The Columbus convention has given the country the only political platform this year in which a majority of people believe. We have presented the only platform that one voter in 1,000 will read."

"The Democrats and Republicans have held their conventions, and the average voter is not able this morning to understand what the issue is. It will take speeches of acceptance by Mr. Taft and Mr. Bryan to make up some issues, and when they are made up we are certain they are fictitious issues."

A healthy man is a king in his own right; an unhealthy man is an unhappy slave. Burdock Blood Bitters builds up sound health—keeps you well.

FIRE IN SCHOOL.

Panic Among Pupils Ensued, Some Being More or Less Hurt.

Pittsburg, July 21.—Fire that started in the Holmes public school in the basement caused a panic today among 150 children attending the vacation term of school. The large building rapidly filled with smoke and the children, screaming and almost suffocated, rushed from the structure in great disorder. Many of them were thrown down and trampled. Adding much to the confusion was the action of parents of children living nearby, who, although choking with smoke, congregated in the main doorway and called the names of their children.

Principal Brown and several women teachers barely escaped being overcome. With the exception of slight bruises and fright, none of the children was seriously hurt. The loss was trivial.

DEPUTY SHERIFFS AND NEGRO MINERS CLASH

Birmingham, Ala., July 21.—A clash between deputy sheriffs and negro miners in the Blue creek region, 20 miles south of Birmingham, on the

CARTER'S LITTLE LIVER PILLS

Stick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Browses, Distress after eating, Pain in the Side, etc. While their most remarkable success has been in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, cutting and venting this annoying complaint, while they also cure all disorders of the stomach, stimulate the liver and remove the bowels. Even if you only cured

HEAD

ache they would be almost priceless to those who suffer from this distressing complaint, but fortunately their goodness does not end here and end here, for they will find that these little pills valuable in so many ways that they will not be willing to do without them. But for all sick head

ACHE

Is the base of so many ills that it is where we make our great bow. Our little cure is while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not grip or purge, but by their gentle action please you to use them.

Birmingham-Mineral division of the Louisville & Nashville railway, today resulted in one negro being shot and killed and two deputies, Newsome and Whitley, being seriously wounded.

The deputies were guarding the hill overlooking the mining town when they saw armed negroes coming along the road. The deputies called to the negroes to stop, but they offered fight. Two of the negroes raised their guns with precision. The deputies appeared to pick out one man for aim and he was literally filled with lead. The shooting created much excitement. There was a general distribution of troops throughout the district this afternoon following the trouble. A Gatling gun, a machine gun, a Republic and one at Blossburg and troops have been distributed so they can be mobilized in a very short time.

The election of miners from company houses began at No. 7 mine, Pratt division, today. There was no disorder. Two carloads of strike-breakers were sent out from Birmingham today and no interference was experienced. R. Farley, Alabama member of the United Mine Workers in charge of the strike, today issued a statement in reply to the operators in which he said that the union miners are anxious for peace and enforcement of the law.

STAGE HELD UP.

Express Box Containing Gold Taken, Passengers Not Molested.

Reno, Nev., July 21.—News reached the Journal tonight from Lakely, Nev., that the Likely and Alturas stage was held up last night by two masked men, who were heavily armed. They compelled the Wells-Fargo messenger to throw down the box containing it. It is believed, a large sum of gold for the payroll at Alturas. The passengers were not molested. No description of the bandits could be given as they were dark and after securing the box the bandits slunk into the woods. The sheriff of Alturas and a posse have started in pursuit.

Don't miss Saltair races tonight, 10c.

Fresh water bathing at Lagoon.

FOOTMAN COURTOIS MURDERED HIS MASTER

Paris, July 21.—Courtois, the footman, who confessed yesterday to being implicated in the murder of August Remy, a wealthy retired banker, who was stabbed to death in his home in this city early in June, was examined today. It was learned that he had been bitten on the arm by Remy as he was holding the door when Remy, the butler, stabbed him to death. Courtois tried to obliterate the traces of his wound by burning himself with a red-hot knife. He said that he had the stolen jewels in his pocket when he was questioned by the magistrate shortly after the crime.

OLD MASSACHUSETTS ADOPTS WESTERN METHODS

Boston, July 21.—Three men armed with heavy caliber revolvers dashed into a crowded Jamaica Plain barroom 10 minutes before closing time tonight and, yelling "Hands up, hands up," began shooting up the place. When they had grabbed the money till and emptied it, had finished shooting and made their escape, one man was dead on the floor, another lay dying and a third was seriously injured.

The dead man is Frank J. Drake, aged 32 years.

Patrick Doran, aged 40 years, is lying at the city hospital with a bullet wound in the abdomen, and Thomas Winterston, one of the proprietors of the saloon, is suffering from bullet wounds in the neck and arm.

The saloon is situated at the corner of Washington and Boylston, in Jamaica Plain, in a thickly settled part of the city.

Saltair races tonight, admission 10c.

Pioneer Day celebration at Lagoon. Trains hourly after 1 p. m.

INDEPENDENCE DELEGATES BEGINNING TO ARRIVE

Chicago, July 21.—While the bulk of delegates to the convention of the independence party, which will be called to order here Monday next, will not arrive until Saturday or Sunday, a small advance guard, already on the field, has started on the presidential candidate possibilities.

Among those now here are H. W. Diffenderfer, member of the national committee from Oklahoma, and James B. Drake and M. W. Howard, national committeeman from Alabama. D. A. Fealy of Alabama will be on the scene Saturday with his speech urging the convention to elect Justice Howard, who is a former congressman, as the standard-bearer of the new party. Another candidate whose good showing in the gubernatorial race has made him the favorite of many of the delegates is Thomas L. Higen. If Higen is selected a strong effort will be made to place Howard's name second on the ticket.

MAURETANIA WILL SAIL UNDER THREE PROPELLERS

New York, July 21.—The Cunard liner Mauretania, which will sail today for Liverpool, will still be under three propellers. It has been decided not to use the new port forward turbine until she has been put in drydock in November. After Nov. 1, the company will discontinue the Wednesday sailings from New York and Liverpool until next spring and run only the regular Saturday service.

Both the Mauretania and the Lusitania will be taken off for two months for a thorough overhauling, so that they will be ready to go into commission again in January. There is no sign again in the Atlantic trade in mid-winter as the passenger traffic in all sides, it is necessary to examine such fast steamships thoroughly at regular periods, the strain being much greater on their hulls than on slower and smaller boats.

A big saving is effected in coal alone, the bill per day for either of these leviathans of the Atlantic averaging \$4,000.

During the time they are laid off the service will be performed by the Lucania, Campania, Etruria, Carmania and Umbria. The Caronia will go on the Mediterranean run during the winter months.

TEDIOUS GRIND OF POLICE MILL

Judge Diehl Hears Much Dialogue And Monologue at Morning Session.

"PEEPING TOM" EXPLAINS.

W. C. Fredericksen Says He Thought Somebody Was Choking Someone And Didn't Try to See Anyone.

There was a long and tedious grind in Judge Diehl's court today despite the fact that there was not a case of any particular importance on the city docket. Several vagrants and a drunk or two were on the morning's bench, and there were numerous arraignments for petty offenses. Probably the most important case and one that unnecessarily consumed much valuable time was that of a young man named W. C. Fredericksen, charged with trespass.

The young man was arrested at midnight on July 13 near the residence of R. M. Jones, 1040 south Ninth east, upon complaint of some young women who declared that Fredericksen was doing the "peeping tom" act at their bathroom window. Some one was seen peering through the window, and the police were notified. Upon their arrival there they found the young man on the premises. He was placed under arrest, and told a story that the police did not believe. He said he was passing the Jones house and heard some one choking, and all he did was to walk onto the lawn and listen. When asked why he did not go in when inmates of the house came out, he said he felt ashamed of his predicament and did not wish to be seen on the place. He denied looking through the bathroom window, but could not explain why he did not give the alarm if he thought some one was choking or being murdered. Judge Diehl took the case under advisement until tomorrow morning.

THEIR COSTLY DEBATE.

It will probably be a long time before A. M. Fenton and A. Paulson interfere with an office party. Last night they ran up against Officer H. D. Lyon and were landed in jail, the former for using abusive language, and the latter for interfering with an officer. Lyon was investigating the case of a sick man in a State street saloon when Fenton informed him that there had been a robbery, and insisted that Lyon arrest the man. Lyon, who was with an officer, made an investigation and found there was nothing to the robbery story. As he was walking away, Fenton called the officer a "hoosier" and other names, and told him he did not care for his business. Lyon then placed Fenton under arrest for using abusive language. At this stage of the game, Paulson, who is a foreman in the Pat. Mfg. Co., "batted in" and made threats against the officer. Lyon promptly placed Paulson under arrest. Both pleaded not guilty this morning, but the evidence against them was conclusive, and they were found guilty. Both were fined \$5 for their offense.

George W. Nephew, arrested yesterday afternoon on a warrant charging him with using abusive language toward W. C. Watson, pleaded guilty and was assessed \$5. He explained that children, among them the Watson boy, were in the habit of annoying him and when his temper got the best of him he used profane language toward them. Judge Diehl admonished Nephew to be more careful in the future as to his language and sentenced him to 20 days in the city jail but Sullivan was given until 5 o'clock this evening to get out of town.

BEGGARS IN COURT.

Robert Walland and Tim Sullivan, a pair of "moochers," were arrested last night for vagrancy. They were both caught begging on the streets. Walland was sentenced to 20 days in the city jail but Sullivan was given until 5 o'clock this evening to get out of town.

Walland has been in trouble several times before. He just completed a term for vagrancy and some time ago was convicted of taking a coat that did not belong to him. He says he is unable to work and he did not know how to be determined after he has been on the chain gang for a few days.

Abe Bernstein, charged with battery upon his wife, Sarah Bernstein, will not have to stand trial. It appears that the woman has forgiven her husband and they consented to kiss and make up. The woman informed Prosecutor Roberts that she did not care to prosecute and the case was dismissed.

Edwin Leichter, arrested yesterday on the charge of battery upon the person of J. Knapp, pleaded not guilty. He was by his attorney, Justice T. Smith who asked that the case be set for Aug. 5. A jury trial will be demanded. It is a case of a man named Knapp made some slurs or remarks about the defendant's wife, and that the battery was justifiable.

RELIEF SOCIETIES OUTING.

Four Stakes at Wandamere Conduct Enjoyable Affair.

The Relief Societies of the Salt Lake Ensign, Liberty and Pioneer stakes celebrated the day at Wandamere resort yesterday, entertaining in old fashioned style the people under their care. In the neighborhood of 3,600 people were present, and a most enjoyable time was spent by all.

In the morning hours the members of the society and their guests began to assemble, the cars were kept busy for several hours conveying them to the resort. The organization was perfect, and every ward had its committee out to take charge of its portion of the entertainment.

The grounds were divided up into four, and each stake had its particular section. Each ward had tables and at

NEW TRAIN SCHEDULE

SALT LAKE—SODA SPRINGS.

Trains leave Salt Lake 1:00 p. m. arrive Soda Springs 3 p. m. Leave Soda Springs 11 a. m. arrive Salt Lake 3 p. m. Soda Springs—Idaho's Famous Watering Place.

3:30 all present sat down to luncheon. At 4 o'clock a program was held, consisting of vocal solos, dances in costume by children, etc., each stake being represented in the numbers given. One feature of the program was the presentation by T. H. Morrison, to the society of \$50, which Mr. Morrison said was in remembrance of the kindness of the society to him 25 years ago, when he first came to the state and was in poor circumstances. At that time a little child of Mr. and Mrs. Morrison died, and they were absolutely without means to properly bury the little one. The Relief Society stepped in, dressed the infant and gave it proper burial, and besides this, left a quantity of groceries, etc., with the family. Mr. Morrison had repaid the kindness before, but said the memory of the goodness of the sisters at that time would never leave him, and he wished again to make a substantial acknowledgment of their kindness to him and his.

The day passed off without a marring incident, and the guests of the society returned to their homes much refreshed by the pleasing outing.

BIG CIRCUS COMES TO TOWN.

Barnum & Bailey Will Show in Salt Lake Aug. 1.

Barnum & Bailey will be here Aug. 1. The announcement is met with more than usual pleasure, first of course, because it is the Barnum and Bailey circus, and after that because of the fact that the great street parade which this circus has omitted for several seasons is again a part of the morning program.

The public well understands the position of this circus at the head of the amusement enterprises of the entire world. The spirit of P. T. Barnum's wonderful policy still lives in the present management. Founded and firmly established as a leader by the greatest circus man of our times and perpetuated by the great James A. Bailey, the organization has retained its undisputed leadership through generations.

There is scarcely a point on the map where it has not exhibited at some time during its many tours of the world. It is known to the people of Asia and Europe, royalty and peasants alike. Though an American enterprise, it belongs in a sense to all countries. It is a world in itself, reflecting the wonders of every land.

When asked why the circus is given by European talent exclusively, the acts take place on two stages, in three rings and a vast dome, and on a spacious hippodrome track. The exhibition of the real 1500 people with comfort to all. It is the largest tent ever erected.

The entire outfit of the show is new, much of it having been built in Europe. There are 1,000 men, women and children on the payroll and 700 horses are employed. The menagerie has been increased till it is well-nigh a complete zoological garden. To convey this army of people, the extensive equipment and the vast collection of horses and other animals, five long trains of double-length cars are needed. When all canvas is up, fourteen acres of ground are under cover.

The master device for horrifying and at the same time fascinating an audience is introduced as the climax of this year's pastimes. Lyon dual automobile somersault act known as "Autos That Pass in the Air." The name briefly explains the performance. Two automobiles, managed by mere girls, are plunged into the air by a dash down a steep incline, the two machines passing each other in space, so that the machine that is in the rear of the start lands in front of the other one.

There is no gainsaying the power of this act to thrill an audience. For four seconds they are simply paralyzed with suspense.

THE ALASKA REFRIGERATOR

Gives Evidence of Great Superiority—Demonstration at H. Dinwoodey Furniture Company.

Ever since the announcement was made that the Dinwoodey Furniture company would give an exhibition of the ice-preserving quality of the Alaska Refrigerator the public has been awaiting anxiously the results of the ice-melting contest.

Ordinarily the housewife counts on having her ice-chest filled every two or three days; consequently there was marked surprise on the part of refrigerator users when it was announced in Saturday's "News" that the ice had lasted 106 hours and 33 minutes. Guesses had been submitted on the probable time of the ice-melting, but very few, however, expected that the ice would last longer than four days at most. The nearest guesses were made by Mrs. J. R. Patience, 37 I street, and Mrs. E. E. Dunn, 605 Utah Savings & Trust building, prize being a \$20 Alaska Refrigerator. Four other prizes were offered, each of which is a credit on the purchase of an Alaska Refrigerator.

A remarkable feature of the demonstration was that during the whole period, a temperature of over 90 degrees was maintained in the window in which the display was made.
